

18.10.2016

Dear all,

The online registration for International Masterclasses 2017 starts on Oct 21, 15:00 CET. The registration process will follow the procedure described here:

1. See the schedule attached with available slots for videoconferences with CERN (16:00 CET), and the schedule for videoconferences with Fermilab (multiple time slots), with a maximum number of 5 institutes per slot.
2. The links for registration will be sent on Oct 21, 15:00 CET.
3. Sign up for your event.
4. From our side, we consider this as a fixed booking, so your slot in the video conference is fixed without further confirmation.
5. Registrations will be done on a first come, first served basis.
6. The doodles will be closed on Nov 18 and we will create a preliminary schedule.
7. Registration after this date is still possible.
8. There are slots for ALICE, ATLAS, CMS, and LHCb in the CERN videoconference schedule and for ATLAS Z and CMS in the Fermilab videoconference schedule.

Please do not hesitate to contact Ken (kcecire@nd.edu) or me (uta.bilow@physik.tu-dresden.de) in case of any question.

Kind regards,
Uta + Ken
